

Gabriel Forbes-Jaeger

Interactive Media Designer

About Me

I'm Gabriel, an interactive media designer who loves bringing ideas to life. I do video editing, animation, web design, photography, and photo editing.

I started editing videos at 17, and ever since, I've been figuring out new tools and techniques as I go. Officially trained with a CFC, but mostly self-taught. I also enjoy experimenting with social media, creating content that grows communities and grabs attention.

Curious and creative, I'm always learning, always trying new things, and always turning ideas into digital experiences that feel polished but still have personality.

Experiences

(2024 - Ongoing) Video Editor (YouTube & TikTok)

- Edited and published short-form content 4x per week, maintaining consistency and quality across platforms.
- Optimized videos for engagement and retention, adapting formats for both YouTube and TikTok audiences.
- Developed strong time management and discipline through 1.5 years of consistent content production.

(2021 - Ongoing) Freelance Work

- Produced animation, video editing, stream layouts, and photo editing for diverse content creators.
- Negotiated with clients to define project scope and deliver tailored solutions.
- Built adaptability and independence by managing multiple creative projects simultaneously.

(2022 - 2024) Substitute Teacher

- Facilitated instruction for students aged 9-12 across varied subjects.
- Maintained classroom management and adapted quickly to unexpected challenges.
- Supported students with encouragement and guidance, building communication and leadership skills.

(2017 - 2021) YouTube Content Creator

- Created, edited, and published digital content, growing a personal channel to 35k subscribers.
- Developed strong autodidact skills by independently learning video editing, design, and social media growth strategies.
- Built a community through consistent uploads and engaging content.

(2018) Kindergarten Intern

- Assisted educators in managing daily activities and supporting early childhood learning.
- Learned patience, empathy, and the ability to adapt and communication to young children's needs.
